# The Scientific Monthly

Entered as second-class matter October 1, 1915, at the post office at Lancaster, Pennsylvania,  
under the Act of March 3, 1879

THE SCIENTIFIC MONTHLY is conducted on the editorial lines followed by THE POPULAR SCIENCE MONTHLY since 1900. It publishes as the THE POPULAR SCIENCE MONTHLY published, articles appealing especially to educated readers as opposed to purely popular matter intended for the public generally, and for such a journal THE SCIENTIFIC MONTHLY appears to be the more fitting name. The editorial management, publication department and typographical form are the same as have characterized THE POPULAR SCIENCE MONTHLY during the past fifteen years, and have made it an important agency for the advancement and diffusion of science.
